PROFESSIONAL SUMMARY

Frontend Developer with experience building responsive and user-focused web applications using React.js, TypeScript, JavaScript, HTML5, CSS3, and Tailwind CSS. Skilled in reusable component development, REST API integration, responsive UI implementation, debugging, and Agile workflows. Experienced collaborating in Git-based environments and delivering scalable frontend solutions. Full right to work in the UK with no sponsorship required.

TECHNICAL SKILLS

- **Frontend:** React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, jQuery
- **Concepts:** Responsive Design, Component-Based Architecture, REST API Integration, State Management, Cross-Browser Compatibility, Performance Optimization
- **Tools:** Git, GitHub, VS Code, Agile/Scrum
- **Database:** MongoDB (Basic), SQL

PROFESSIONAL EXPERIENCE

Frontend Developer Intern | 3S Knowledge – United Kingdom
Feb 2026 – Mar 2026

- Developed a utility application for creating and managing sequence diagrams for the ProcessPro platform.
- Built reusable UI components using TypeScript and Tailwind CSS to improve frontend consistency and maintainability.
- Collaborated with development teams using GitHub-based version control workflows.
- Enhanced usability and frontend functionality for internal reporting tools through responsive UI improvements and debugging.
- Worked within Agile development processes and participated in issue resolution and frontend debugging.

Healthcare Assistant (Part-Time) / Career Break | Runwood Homes – United Kingdom
Jan 2023 – Present

- Took a planned career break for childcare while continuing professional development in frontend engineering.
- Built hands-on React.js and TypeScript projects focused on responsive UI development and modern frontend practices.
- Maintained up-to-date knowledge of frontend frameworks, API integration, and Git workflows.

Frontend Developer (Freelance) | TrumpCode Pvt Ltd – Remote
Jan 2022 – Oct 2022

- Developed responsive business applications using React.js and JavaScript for internal operational workflows.
- Built mobile-first user interfaces focused on usability, responsiveness, and cross-browser compatibility.
- Integrated frontend interfaces with REST APIs and backend services to support dynamic application functionality.
- Performed testing, debugging, and frontend issue resolution to improve application stability.

Frontend Developer | WebSoulLabs – Kerala, India
Apr 2021 – Dec 2021

- Developed responsive websites using React.js, JavaScript, HTML, and CSS.
- Performed frontend debugging, UI improvements, and SEO optimization.
- Collaborated with development teams throughout project delivery.

PROJECTS

Sequence Diagram Editor – UML Visualization Tool

- Built an interactive UML Sequence Diagram Editor using React.js, TypeScript, Mermaid.js, and CodeMirror.
- Implemented real-time synchronization between diagram editor and visual canvas.
- Developed drag-and-drop editing, PNG/SVG export functionality, and localStorage persistence.

Technologies: React.js, TypeScript, Mermaid.js, CodeMirror, Tailwind CSS

GM4 – Esports Tournament Platform

- Developed a web platform for esports tournament booking and team registration.
- Implemented responsive UI design and tournament management workflows.

Technologies: React.js, JavaScript, HTML5, CSS3, SCSS, MongoDB

TrumpCore – Banking Management System

- Built frontend modules for banking operations, transaction handling, and reporting.
- Developed administrative dashboard interfaces and customer management features.

Technologies: React.js, JavaScript, HTML, CSS

AroyaLife – Healthcare Application

- Developed healthcare management interfaces for patient and doctor interactions.
- Implemented appointment scheduling and profile management functionality.

Technologies: React.js, JavaScript, HTML, CSS, SCSS

EDUCATION

- Master of Computer Application (MCA), 2015 – 2018
- Bachelor of Computer Application (BCA), 2012 – 2015

CERTIFICATIONS

- Capgemini Certified Web Developer (Python & Ruby on Rails) – Edu Bridge (2020–2021)
